Roosevelt and Bryan Still Draw
Great Audiences.

FORMER AT BUFFALO

Bryan Speaks to a Big Crowd at Cincinnati—Answer of Bryan to Questions from a Republican Club at Princeton.

Buffalo, Nov. 1.—The Roosevelt train reached here at 4 o'clock yesterday afternoon after stopping at Blackrock, an industrial suburb. The governor was accorded a splendid reception at this place and addressed a few remarks to the laboring people. From time of his arrival until the time he retired there was one continuous ovation. The streets through which he had to pass on his way from the depot were crowded with people. Governor Roosevelt spoke at three meetings at night, on the east side in that portion of the city where so many people were gathered that less than one-half of them could hear the speaker. Another followed in a small hall, where the major part of the audience was composed of Italians and the third and last in the immense convention hall, which was filled to the very doors.

He denied, as the Democrats have asserted, that coal had gone up to \$7.25 per ton on account of the anthracite trust and said the price was only \$5.75, the prevailing price at this time of the year.

He attacked Bourke Cockran for changing from a gold Democrat to a Bryan Democrat and his antagonism to imperialism and militarism, denying any imperialism.

CROKER ATTACKED.

Roosevelt Scores Him for His Remarks About Forcing Fair Elections.

Buffalo, Nov. 1.—The Roosevelt special left Buffalo early this morning, bound for Jamestown, but stops were made at many places along the route. The governor felt very well and his voice was in good condition. The first stop was made at Ithaca. In his speech there referring to the remarks of Croker that the Democrats would see fair play in the election even if they had to throw the election judges out, said:

"Without any rebuke or repudiation from Mr. Bryan and with openly expressed encouragement and approval of Senator Jones, who is running the Bryan national canvass, Croker has now twice, in an open statement, incited the ignorant, violent and lawless to open riot on election day. He has done this in so many words with the approval, tacitly expressed, of the national leaders of his party. Such advice is a fitting sequence to the way in which the members of his party have for the last six weeks have been conducting their campaign. It is a fitting and natural consequence that mobs would be encouraged to break up peaceful political meetings, interfere with the right of speech and of free discussion of the issues before the people, that they should follow the advice from recognized leaders of the party guilty of such conduct, calculated to overthrow the verdict of the people when it shall be given."

Governor Roosevelt then spoke of the men punished in New York for offenses against the election laws and said the same would be done again if violence was attempted as Croker advised.

BRYAN AT CINCINNATI.

Big Crowd Gather to Hear the Democratic Candidate for President.

Cincinnati, Nov. 1.—The Democratic presidential candidate, Hon. W. J. Bryan, made the fifth speech in this city last night that he has made here during this campaign. He arrived on a special train at 8:30 p. m., and went direct to the music hall where he talked for an hour.

Hon. Judson Harmon, attorney general under President Cleveland, presided at the meeting and there were many other leading Democrats present.

Mr. Bryan received a very cordial reception in Cincinnati. He was met at the depot by an immense crowd and while being driven to Music Hall under the escort of the Duckworth club, he was welcomed by thousands on the outside of the building, and by as many people on the inside as could be packed into the big structure. It had not been intended that the crowd should be admitted to the hall until 7 o'clock, but they broke the doors down an hour earlier and helped themselves to all the available space. Mr. Bryan talked to the crowd on the outside of Music Hall for a few minutes.

It took 15 minutes to get the interior audience quiet. The applause was general and prolonged and it afterwards degenerated into wild demonstrations for Bryan, which did not cease while Judge Harmon and Mayor Jones spoke. They preceded Mr. Bryan, but they

spoke with but little comfort on account of the clamor.

Judge Harmon introduced Mr. Bryan as the next president of the United States.

A great flutter of handkerchiefs and a great shout greeted Mr. Bryan as he began his address and continued throughout.

Beginning with an hour's speech at Toledo, Mr. Bryan spoke in succession at Wauson, Napoleon, Ottawa, Lima,

Wapakoneta, Sidney, Piqua, Troy, Dayton, Hamilton and College Corner. With the exception of the Toledo speech none of the others exceeded 25 minutes in length. A majority of the places where stops were made were small towns and as a rule the crowds were not large. There were, however, fine audiences at Toledo, Wauson, Piqua, Dayton and College Corner as well as here.

BRYAN REACHES CHICAGO.

A Three Days' Programme Mapped Out for Him in That City.

Chicago, Nov. 1.—Bryan arrived here at 4 o'clock this afternoon from Hammond, Ind., escorted by several hundred members of the Cook County Democratic club and the Cook County Marching club and half an hour later addressed the business men's meeting on the lake front. In the evening from 7 o'clock to 11 he made eight speeches in the northwest part of the city. Tomorrow he will make nine speeches and five Saturday, leaving here late Saturday night for Lincoln, Neb.

The plans for the erection of a large circus tent on the lake front for a meeting were abandoned owing to the opposition of Montgomery Ward, who threatened to invoke the aid of the courts which have ruled that no construction, save for park purposes, may be made in that vicinity.

BRYAN'S REPLY.

Answers Two Questions Put to Him by a Republican Club.

Princeton, N. J., Nov. 1.—Francis J. Hall, president of the University Republican club has received a letter from W. J. Bryan, dated New York, Oct. 29, in which he answers the two questions sent him by the Republican club when he addressed the students at Princeton Junction last Thursday. After expressing his appreciation of the courtesy shown him by the Republicans at that meeting Mr. Bryan answered the questions:

"First, will you, if elected, redeem the coin obligations of the government in gold or silver?"

To this he replied that he would enforce the law as he found it; that the Republican party has the house and senate and as there is one more session of congress before another president is inaugurated, he had no way of knowing what law regarding this matter be in effect by March 4. He also stated that his views on the money questions could be found in his letter of acceptance.

"Second; Do you approve of the disenfranchisement of the negroes in North Carolina by the Democrats of that state?"

Mr. Bryan stated that this question was not an issue in the campaign, and said:

"You should hold the president responsible for what he has done in Puerto Rico, and not me responsible for what has been done in North Carolina."

He adds that there is but little difference between the race question law in North Carolina and that in Puerto Rico.

Bolt the State Ticket.

Kaufman, Tex., Nov. 1.—The Republicans of Kaufman county met in convention here and organized by electing Sam Gibbs of Terrell chairman. The convention after some debate, led by Bill McDonald, decided to vote the Democratic state and county ticket and to support the national Republican ticket.

TRUSTEE FOR CASTELLANE.

He Has Been Spending Too Much Money According to Income.

Paris, Nov. 1.—The civil tribunal has appointed George J. Gould trustee for the Countess of Castellane, his sister. According to the pleadings in the case her husband, Count Boni Castellane, spent 23,000,000 francs in four years, whereas his income from his wife's fortune is only 3,000,000 francs.

The action in the case was the result of a suit brought by Mr. Gould against his sister. The court granted his request and appointed him the trustee. The proceedings were conducted in secret session, only the bare decision being announced.

The Castellanes are now staying in the country together.

More Pauper Italians Coming.

Torreón, Mex., Nov. 1.—Another lot of over 200 destitute Italians has just passed through here on their way to the United States. They are from the southern part of the republic, where they were employed in railroad construction work. It is estimated that over 1000 penniless Italians have passed through here during the past three months on their way to the United States. Most of them were

FIVE POWERS AGREE.

The Anglo-German Agreement Not Accepted in Full by Three.

Washington, Nov. 1.—The alignment of powers on the British-German agreement is now practically completed, Russia being the only government remaining to be heard from. Aside from Italy and Austria, whose adherence to the agreement was expected owing to their political relations with Germany, Japan is the only one of the powers which has given unconditional assent to the agreement, viz: Great Britain, Germany, Italy, Austria and Japan. Two of the powers, the United States and France, accept the clauses relating to open door and the territorial integrity of China, but without action on the third clause relating to future procedure in the case any power seizes territory. The course of Russia is not yet known.

It is the opinion of those best qualified to judge that the Russian response will be similar to that of the United States and France, although this view has been somewhat shaken by the persistent reports from Berlin that Russia would not concur with the agreement. The chief effect of the exchange has been in bringing five of the powers to an agreement to respect the "open door," and the integrity of China, and to consult among themselves as to the future course in case any of the other powers sought to take Chinese territory. These "other powers" in the negotiations are the United States, France and probably Russia. As to the United States there is, of course, no possibility of her taking any territory, so the terms of the third clause would apply to France and Russia, and would bring about concurrent action of the five powers in case either of these two sought to extend their domain in China.

CONGER INSTRUCTED.

He Will Only Insist on Moderate Indemnity from China.

Washington, Nov. 1.—Comprehensive instructions bearing upon the indemnity this government will demand of China have gone to Minister Conger. Administration officials decline to discuss their character, but the demands this government will submit will be moderate. They will comprise restitution for injuries suffered by Americans and the damage done their property and reimbursement of expenses incurred in sending the expedition to China. It cannot be learned that this government has determined upon the exact amount to be demanded, but whatever it is, it will be accepted in Chinese bonds, which are to be taken up by China in installments.

It is likely that Germany will file a claim of several millions for the death of Baron von Ketteler, the German minister. So far as the information of the state department goes, satisfactory progress is being made by the ministers in reaching agreements as to demands to be submitted to China.

Oklahoma Highwaymen Active.

Guthrie, O. T., Nov. 1.—A gang of highwaymen is operating in Kay and Grant counties and the Osage reservation. In the past week no less than a dozen farmers have been held up and robbed at their homes, and many travelers on the roads have been compelled to stand and deliver at the muzzle of a gun. Most of the robberies are in broad daylight and in thickly settled sections. Four men wearing green masks seem to have done all the work, but have escaped easily so far.

Cable Working in Alaska.

Seattle, Wash., Nov. 1.—Though separated by miles of frozen sea, there will be telegraph communication between Nome and St. Michael during the approaching long Arctic winter. A temporary cable has been laid by the Alaska Commercial company and is now in operation. The first message was sent from Nome to St. Michael a few days before the steamship Ohio sailed from the former port. A cable toll of \$2 for 10 words between Nome and St. Michael has been announced.

Bogus Election Tickets.

Waxahachie, Tex., Nov. 1.—A lot of fraudulent election tickets have been discovered here. They were headed "Democratic Ticket" and had all the Democratic electoral and state nominees' names upon them, but before every county nominee name the name of the Populist nominee appeared. No such tickets were printed or authorized by the Democratic committee. County Chairman Lewis and members of the executive committee will take steps to give publicity to the bogus tickets.

Little Girl's Long Journey.

Kansas City, Nov. 1.—Mary Halkins Barnard, aged 3 years, who left Fort Worth over the Rock Island in charge of a Pullman conductor and the train conductor for a trip to her grandfather's home in New York City, passed through here Wednesday night. She has a ticket through, and has a tag sewed on her clothing on which is written her name and destination. At Chicago a Rock Island agent will see to her transfer to a Lake Shore train.

Refused to Join.

Minneapolis, Nov. 1.—The Minneapolis chamber of commerce has voted not to join with the Chicago board of trade in the proposed new Exchange Telegraph company, which would erect wires and connect all important exchanges.

Another Victim.

New York, Nov. 1.—Joseph Bachrach, the merchant who was injured in the Tarrant explosion on Monday, is dead. Search for bodies in the Tarrant wreckage is kept up, but no more have been found.

Halloween Party.

The ladies of the M. I. C. gave a Halloween party Wednesday afternoon at the home of Mrs. J. Webb Howell, which was a pronounced success in every particular and afforded the ladies in attendance no end of amusement. All the arts and witchery of the season were employed to realize the ideals of halloween. The house was darkened and candles lighted. Autumn leaves, gourds and pumpkins were among the unique decorations. A short musical program afforded much pleasure before the halloween features were introduced. Those to whom the company was indebted for the musical numbers were Mrs. R. S. Webb, Mrs. M. Francis, Mrs. J. Webb Howell, Miss Adams, Miss Porter, Miss McLendon, Mrs. J. A. McQueen.

From a cauldron suspended from a tripod the fortune teller, in a witch's costume, drew forth the fortunes of the young ladies. They were written in verse and folded within walnut shells. The fortunes of the married ladies were read from their palms. Many and varied were the mystic prophecies and great the enjoyment they afforded the company. Chocolate, Waldorf-Astoria salad and crackers were served.

The invitations were written in verse and embellished with stars, lighted candles, bats, and a witch riding a broom. They were at once unique and artistic.

Another Brick Block.

The announcement that Mistrot Bros. contemplate the erection of another block of buildings here is good news to the people of Bryan. It is stated that plans are in preparation for a block of two-story brick buildings, to occupy the corner north of the Mistrot store, where the Mistrot residence now stands, and the latter has been offered for sale. The location is a splendid one, and the erection of modern buildings there will readily attract desirable tenants and increase the business as well as improve the appearance of the town. These evidences of thrift and growth are very gratifying and show unmistakable confidence in the future of the town. We want no boom and are glad there are no evidences of the boom spirit manifested, but the steady growth which Bryan has enjoyed for many months is in every way desirable and encouraging.

That all groceries are not alike. Some are made from cheap materials by poor machinery, and very little care is given to the work. That's the dangerous kind because it's likely adulterated. That's the kind you would do well to let alone. Others are made from the choicest materials, much care is given to the work, skilled labor is employed, and much money is spent in making them right—that's the kind that gives health, brain and brawn; you will find that kind in the list below:

ATTEMPTED SUICIDE.

Charles Jones Cuts His Throat With a Knife While in Prison.

DOCTORS HAVE HOPE.

Attorney Osborne Says That Jones Confessed to Him That Rice Took Tablets Furnished—Patrick Denies the Charge.

New York, Nov. 1.—Charles F. Jones, secretary and valet to the late William Marsh Rice, whose death occurred under suspicious circumstances, attempted to commit suicide in the tombs at 4 o'clock this morning by cutting his throat. He was removed to the Bellevue hospital. Jones was under examination in the criminal court building Wednesday by Assistant District Attorney Osborne and several detectives and it is reported he made some sort of statement or confession to the authorities.

Jones was found in his cell at 4 a. m. almost unconscious from loss of blood. He had inflicted several cuts in his neck and had severed the jugular vein on the right side. He used a small, but very keen pen knife. The surgeons at the Bellevue hospital say Jones will recover. The nightkeeper says Jones got the knife with which to cut his throat from

CHARLES F. JONES.

Albert T. Patrick, his fellow prisoner. Patrick denies it, however, and said he knew nothing about the attempted suicide.

Attorney Osborne when seen admitted that Jones had made a partial confession to him. He said that Jones told him in the presence of two witnesses that the evidence given by Mr. Wetherbee was true. He also said that Patrick had induced Mr. Rice to take some tablets of a greyish color. That Mr. Rice had taken the tablets. Jones said Patrick and Rice had become very intimate and Patrick told Rice he had taken the tablets himself. Jones said he called the attention of the physician to Mr. Rice's condition and the doctor told him he was only suffering from diarrhoea and would pull through.

Jones said on that Friday night Rice fretted, worried and grieved about his business in general, speaking of the Galveston flood and other things. Jones then told Osborne how Rice demanded certain papers of Patrick and the final death scene.

A letter was sent to Patrick embodying the substantial facts contained in Jones' statement. Patrick sent back word he did not believe Jones made any such statement and that if he had he had simply told a mass of lies. Patrick stated he was innocent and that he hoped to be able to so prove in the course of time.

They Make a Successful Raid on the British and Loot the Mail.

Cape Town, Nov. 1.—It has transpired that a Boer commando captured the British outposts of 90 men in the vicinity of Geneva on Oct. 28, and afterwards held up the Cape Town mail train, looted the carriages and passengers, destroyed the mails, set fire to the train and decamped on the approach of an armed train. Not wishing to be hampered, the Boers released the prisoners.

BOOTH IS COMING.

He Will Take Control of the Salvation Army in This Country.

New York, Nov. 1.—General William Booth, commander-in-chief of the Salvation Army, is coming here next September to take practically the control of the Salvation Army in the United States for at least six months. This announcement was made Wednesday night by Commander Booth-Tucker, who arrived here from England on the steamer Teutonic. He went there early in October to invite the general to come over and assist in the solution of problems which the Salvation Army is endeavoring to solve. One of the chief problems, he said, was that of organizing and maintaining the farm colonies which the army is establishing in some of the states.

"The army, which has the power under its charter to issue bonds," the commander said, "may issue bonds to the amount of \$150,000 to put the colonies on a firm basis. It has been said that the poor in the cities do not want to go into the country to live. I have 5000 more applications for homes in our colonies than I can grant. General Booth is a great organizer, and will be able to aid us in a satisfactory solution of the problem."

When asked as to the rumor that he was to be transferred to some other command, Commander Booth Tucker said he knew nothing of it.

CLOSED THE MILLS.

James McAllister Stops the Business He Planned for His Son.

New York, Nov. 1.—Because his son Walter is in jail charged with the murder of Jennie Bosschiet, the Paterson mill hand. James McAllister has shut down his silk plant in that city. All the employees have been paid off and the works closed.

Mr. McAllister started the mill about six years ago for the benefit of Walter. It was the desire to give his son a chance to succeed in business and build up a first-class plant. Walter was manager and although the firm was known as James McAllister & Co., he was the head at the mill. About 60 persons were employed. Business was good until two weeks ago, when Walter was arrested on the charge of murder. The father had the spools all run off and then closed the mill and paid off the employees.

ANOTHER TRIP AHEAD.

The Buffalo Will Take Out More Landsmen on a Cruise.

New York, Nov. 1.—The training ship Buffalo is undergoing repairs and taking on ammunition and supplies at the Brooklyn navyyard. On Dec. 4 she will start on a Mediterranean cruise with another crew of landsmen. The Buffalo will not go to the Philippines or China, as she did on her former voyage, word having been received from the commandant of the Asiatic squadron to man all the vessels in service there.

The battleship Kearsarge has been placed in the dock at the navyyard where she will probably remain a week to receive a thorough cleaning, scraping and overhauling preparatory to her winter cruise in West Indian waters.

The tug Wompatuck will be ready to sail for Manila within a month, and will try to make a record run to the Philippines via the Suez canal.

TROUBLE FOR FRANCE.

The Outlook for Social and Political Disturbances Becoming Grave.

Paris, Nov. 1.—The outlook for social and political disturbances in France is becoming graver every day.

In the north 100,000 miners are on a strike, and the recent socialistic talk from members of the government seems to have encountered a violent and revolutionary spirit. Moreover, the Catholics are becoming very bitter at the declared intention of the government to close official careers to all who have been educated in religious institutions. The Catholic press is very bitter, and the clergy are making common cause with the other enemies of the government. Only the fact that the government controls the churches funds, prevents the clergy expressing their opinion vigorously on the matter.
